

Start with a rectangular sheet

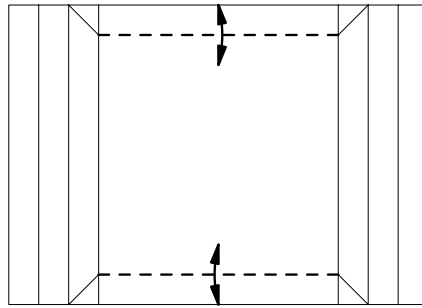

1 Use one sheet as a measure for the other

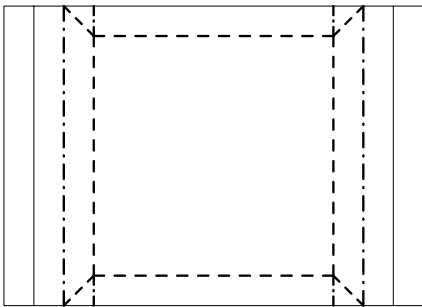

2 Unfold and repeat at other end

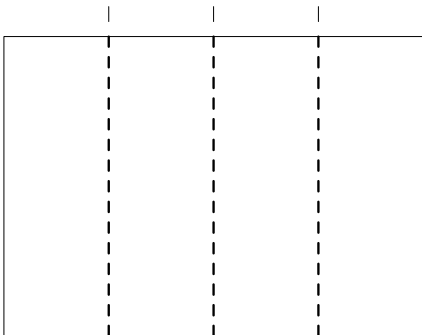

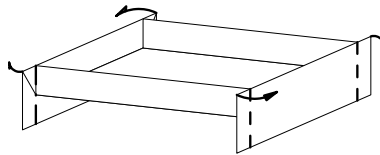

3

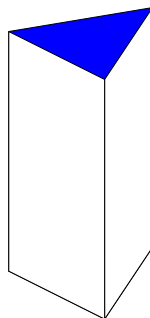

4

5 Make a 'tray' (3D)

7 Divide in four and make a 'tube'

Make five 'tubes' per level
 Make two trays per level
 Place tray on floor or table
 (fold bottom strip up)
 Put five tubes on the tray
 Place tray upside-down on tubes
 Place next tray normally on top
 Put five tubes on the tray
 Etcetera ...
